

T-Mobile IP Relay App for iOS device (iPhone & iPad)

T | T-MOBILE
ACCESSIBILITY

Device and screen images simulated

Overview of T-Mobile IP Relay App's Main Screen

1 Call History:
List of your call history log, including outgoing and incoming calls.

Tap phone number or name to make the relay call.

2 Phone Icon:
Tap the phone icon to make relay calls.

3 Menu:
Tap the Menu icon to go to the Menu page.
(See #4 through #8)

4 Settings:
Change a password, text size and color, background color, select language (English and Spanish), and clear conversation history.
(See page 5 for details)

5 T-Mobile Accessibility Care:
Make a call to T-Mobile Accessibility Care.
Sign-in required.

6 911 Info:
Provides 911 information for all T-Mobile Accessibility products and services.

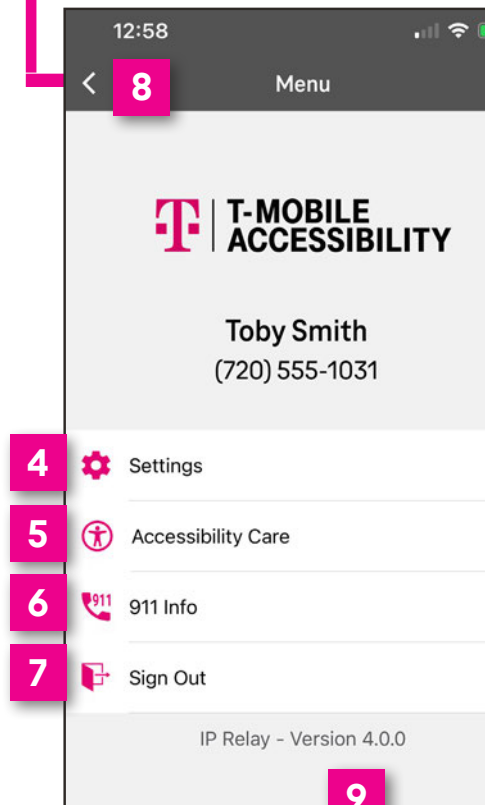

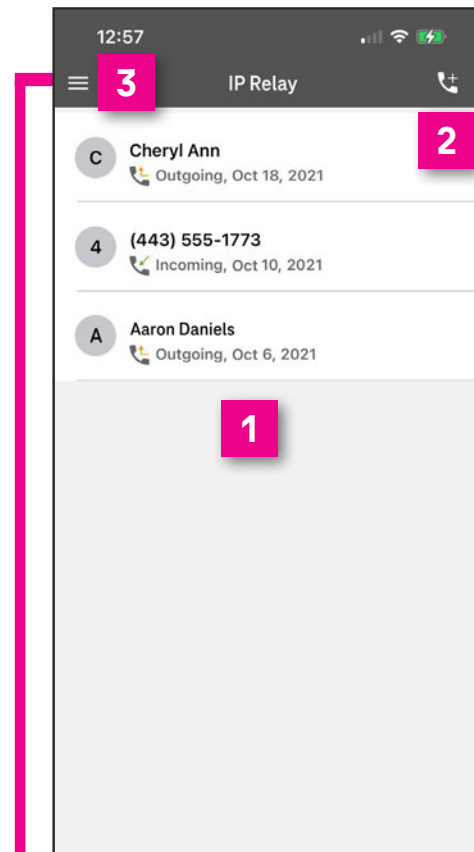

7 Sign Out:*
Sign out T-Mobile IP Relay app.

8 Close Menu:
Tap to close the Menu page.

9 Check for periodic updates to the app.

* NOTE:

You must be signed in to make and receive IP Relay calls.

How to Get IP Relay Mobile App

1 Go to **AppStore** and search for T-Mobile IP Relay.

1

2 Download the **T-Mobile IP Relay** app.

2

Sign In Screen

3 **Username & Password:**
Type your username and password.

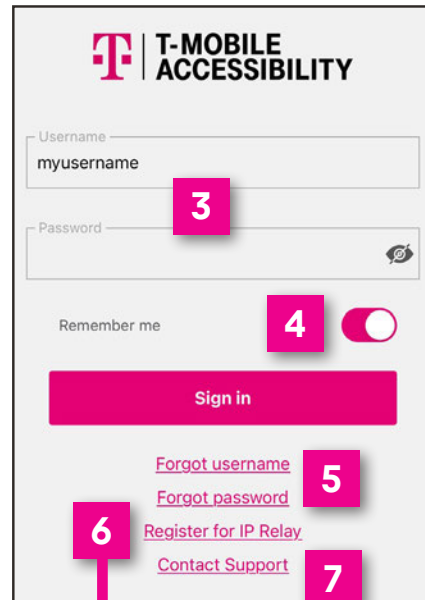

To create a username and password.
(see #6 and #8 for details.)

4 **Remember Me:**
If you wish to login without re-typing your password, turn on **Remember Me**.

5 **Forgot username/password:**
Tap to get your username or re-create a new password.

6 **Register for IP Relay:**
For a first-time IP Relay user, tap to register.

7 **Contact Support:**
Send email to T-Mobile Accessibility Care.

The sign-in screen for T-Mobile Accessibility features the T-Mobile logo and the text 'T-MOBILE ACCESSIBILITY'. It includes a 'Username' field with the text 'myusername' and a 'Password' field with an eye icon. Below these fields is a 'Remember me' toggle switch. A prominent pink 'Sign in' button is centered. At the bottom, there are four links: 'Forgot username', 'Forgot password', 'Register for IP Relay', and 'Contact Support'. Numbered callouts 3 through 7 point to these respective elements.

Register for IP Relay

8 Register for an IP Relay number by:

- providing your information,
- choosing a security question/answer,
- creating a username and password
- and reading legal disclaimers.

To complete registration, contact T-Mobile Accessibility Care:

- iprelay@t-mobile.com (Email)
- (800) 676-3777 (Voice/TTY)
- (800) 676-4290 (Español)
- (877) 787-1989 (Speech-to-Speech)

The registration form titled 'Home Address' contains several input fields: 'Legal First Name', 'Legal Last Name', 'Home Address', 'Apt/Suite', 'City', 'State', 'Zip', 'Email', 'Date of Birth', and 'Phone Number'. A pink callout 8 points to the 'City' field. At the bottom, there are two checkboxes with associated text: 'I have read and understand the advisory regarding 10 digit phone numbers.' and 'FEDERAL LAW PROHIBITS the use of IP Relay Service by anyone other than REGISTERED users. I certify I am eligible for a 10-digit relay number because I am Deaf, Hard of Hearing, DeafBlind, or have a Speech Disability.'

How to Make a Call

On the Call screen, **two options** are available to make relay calls.

OPTION 1:

- 1 Tap the **phone icon** on the upper right.
- 2 Type the **name** or **phone number** of the person you wish to call using your **Contacts** from your phone.
Note: Permission must be granted to access phone Contacts when app is installed.
- 3 Tap the **name** or **number** to make a call.

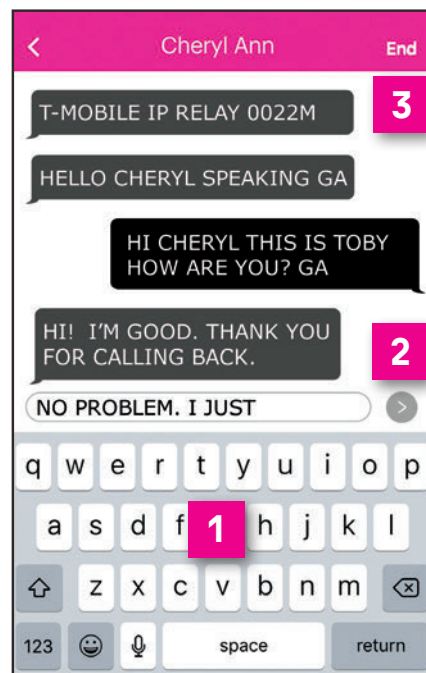

OPTION 2:

- 4 Tap **name** or **phone number** on the Call History Log.
- 5 Tap **Call** to make a call.

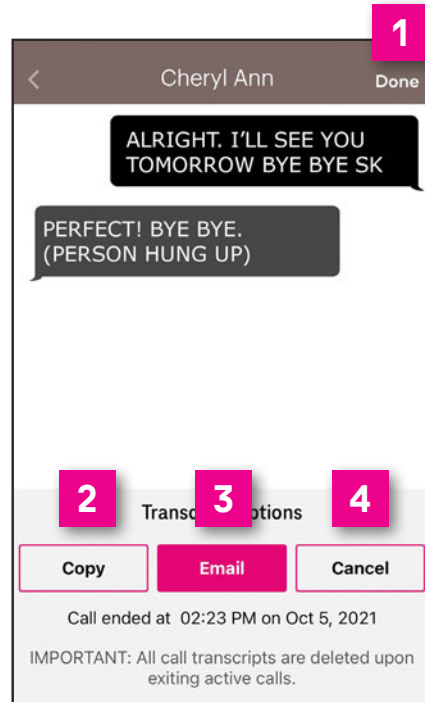

Call in Progress

- 1 When your call is connected, you may begin your conversation.
- 2 Tap the **arrow button** to send your message.
NOTE: Your conversation is on the right side and your caller's conversation is on the left side of the screen.
- 3 Tap **End** to end conversation.

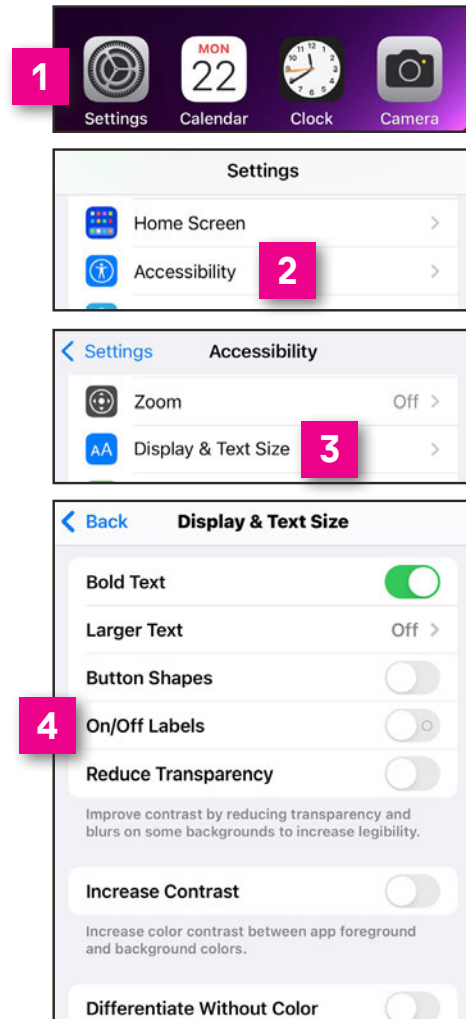

Call Disconnected

- 1 Done:**
Closes the conversation screen and deletes the call transcript.
- 2 Copy:**
Copy and paste your call transcript in a document (i.e. Microsoft Word or Notepad).
- 3 Email:**
Email your call transcript to yourself.
- 4 Cancel:**
Closes the Transcript Options.

Accessibility Settings

- 1** On your smartphone's screen, tap **Settings**.
- 2** Scroll up and tap **Accessibility**.
- 3** Scroll up and tap **Display & Text Size**.
- 4** Options may be supported by the IP Relay that best support the IP Relay users needs as follows:
 - Bold Text
 - Larger Text
 - Button Shapes
 - On/Off Labels
 - Reduce Transparency
 - Increase Contrast
 - Differentiate Without Color
 - Smart Invert/Classic Invert
 - Color Filters
 - Reduce White Point
 - Auto-Brightness

IP Relay Settings

1 Tap the **Menu** icon.

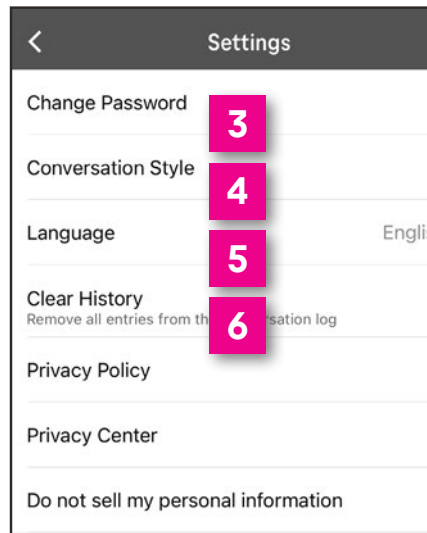

2 Tap **Settings**.

This is the **Settings** screen.

3 **Change Password:**
Update or change your password.

4 **Conversation Style:**
Adjust text size, color and set up accessibility for a Braille user. See #7 through #10 below.

5 **Language:**
Set the language preference for the Relay Operator as English or Spanish. Spanish-to-English/English-to-Spanish translation is not allowed.

6 **Clear History:**
Clears all call history.

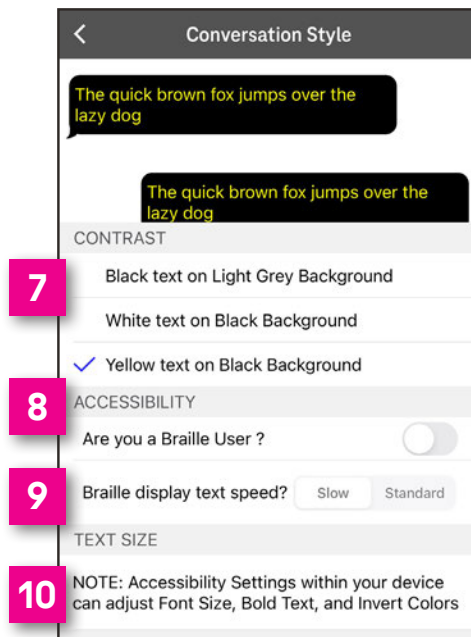

Conversation Style

7 **Contrast:**
Set text and/or background to light or dark of your choice.

8 **Accessibility:**
If you are using a **Braille**, turn **on**. This is an ideal feature for DeafBlind braille users.

9 Choose Braille display text speed to either **slow** or **standard**. Relay Operator also has the ability to increase or decrease transmission speed during a call.

10 **Text Size:**
See **Accessibility Settings** on page 4.

How to get into your Customer Profile

It is recommended to create or update your Customer Profile using your desktop or laptop.

If you need an assistance, email iprelay@t-mobile.com or call 800-676-3777 (TTY) or 877-787-1989 (Speech-to-Speech).

- 1 Go to t-mobile.com/iprelay.
- 2 Sign in with the same **username** and **password** used for the IP Relay app.
- 3 Click **Sign in**.
- 4 Click **Customer Profile** on the upper right corner of the IP Relay screen.

Welcome to T-Mobile Accessibility

T-Mobile Accessibility offers communication products and services for customers who are Deaf, Hard of Hearing, DeafBlind, or have a Speech Disability.
